THE FINAL BRICK – LET'S FINISH STRONG!

Dear Parents and Learners of Laerskool Midstream Ridge Primary

There is a story about a man who was building a wall. After many days of hard work, he was tired, but he continued to lay each brick with care. When someone asked him why he was still putting in so much effort, he replied, "Because the last brick is just as important as the first."

At Laerskool Midstream Ridge Primary, we believe the same principle applies. We are entering the final term of a busy and successful year. Every lesson, every opportunity, every small victory and every act of kindness contributes to the future we are building together.

My message to our learners, staff and parents is simple: Let's finish the year with the same enthusiasm, pride and dedication with which we began it.

Thank you to everyone who helps make Laerskool Midstream Ridge Primary such a special school.

Remember, it is not only how we begin that matters, but also how we finish!

Kind regards

NICO LOGGENBERG

Recycling

at Laerskool Midstream Ridge Primary

We are excited and proud to announce that Laerskool Midstream Ridge Primary has launched a school-wide recycling project!

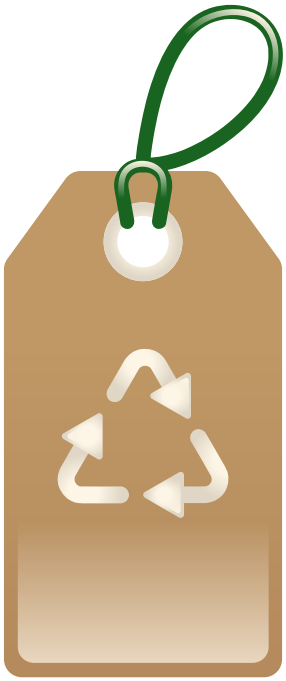
We believe that education goes beyond academic subjects and sport. We also strive to equip our learners with important life skills and a sense of environmental responsibility.

Through this initiative, we aim to teach our learners the basics of recycling and encourage them to make a positive difference by recycling paper, cardboard, plastic, tins and cans.

To support this project, we have placed 12 clearly labelled recycling bins around the school, making it easy and convenient for our learners to recycle.

We hope that this initiative will have a lasting impact by encouraging our learners to develop lifelong recycling habits and inspiring them to care for the environment.

Together, we can make a difference and do our part to protect our planet for future generations!



Recycle today for a greener tomorrow!
